Time to build 15 min
First, get all required materials stated here and then follow the instructions.

- Locknut M8: 1x
- Bolt M8x25: 1x
- Positioning block: 2x
- Axle clamp: 1x
- Multi angle joint: 1x

**Tighten the bolts with full force.** Ensure that you hold the long side of the Allen key in your hand as this enables you to exert greater force.

**Double check here:** Does your result look exactly like the image at the bottom of the page?

**Use the Allen key handle so you can tighten the bolt well.**
TOP 3 REQUIREMENTS MAKING A GREAT INFENETO EXPERIENCE:

1. Tighten bolts with full force (15Nm) to prevent them from coming loose.

2. Constructing and playing always under supervision of an adult.

3. Check frequently if all parts are still firmly tightened and function properly.
Double check here:
Does your result look exactly like the image at the bottom of the page?

Does your result looks exactly like the image at the bottom of the page?

NUT-IN-PART-TRICK
1. take a 5mm Allen key, slide the nut on it
2. stick the Allen key through the part
3. let the nut slide down
